

2 square

Name _____

Read the scenario. Answer the question by completing the two modes below.

Create a visual.	Solve by showing work.
------------------	------------------------

	Total Points ____/8 pts	4	3	2	1
<u>Strategic Knowledge</u>	Picture	My drawing demonstrates exceptional understanding of the problem. All aspects of my drawing are labeled clearly & correctly.	My drawing shows that I understand the problem, but I am missing labels in places or have incorrect labels.	My drawing isn't complete enough to show that I have a good understanding of the problem.	My drawing doesn't show that I understand the problem.
<u>Mathematical Knowledge</u>	Mathematical Solution	My mathematical solution is accurate & parts are labeled correctly. My solution shows all the steps I took to correctly identify my final answer.	My solution is missing one thing--either labels or a step--but you can identify what I was working toward. My answer is correct.	My solution is correct but is missing both labels and steps; it is hard to decipher where my work was leading. -OR- My answer is not correct	I do not have a clear solution process, nor is my answer correct.
